Welcome to Amberlea Guest House

Due to Covid19, we would like to draw your attention to new policies and procedures we are asking all our guests to comply with. These are to ensure the safety and comfort of all our guests.

Please ensure everyone remains as safe as possible, including your family members and ours.

Please use hand sanitiser, each and every time on entering the building.

Rooms will be serviced on day of arrival and on the third, fifth and seventh day.

We would ask all payments, where possible, to be made by card on arrival.

From time to time there maybe further changes to our terms and conditions, and hope you understand that we will comply with any, and all, instructions from the Government.

This list is not exhaustive, and ask everyone to use common sense and consideration at all time.

Please stay up-to-date with all recommendations regarding Covid19 during your stay with us.

Many Thanks
Martin and Claire
